Problem statement

In today’s digital era, traditional resumes are less engaging.

Students and professionals need an interactive and creative way to showcase their skills, hobbies, and achievements.

A digital portfolio makes it easy to present information in a structured and attractive format.

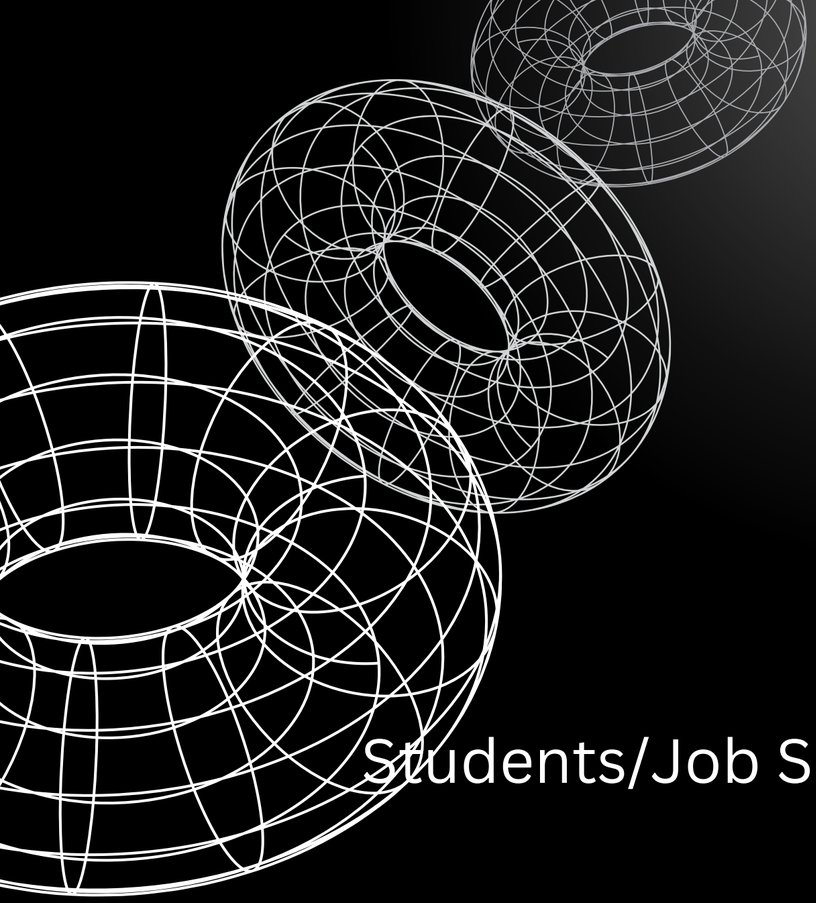
Project overview

This project is a personal interactive portfolio website.

Designed using HTML, CSS, and JavaScript to provide a clean, responsive, and user-friendly experience.

Sections include: About Me, Hobbies, Skills, Achievements, Projects, and Contact.

It reflects both technical skills and creativity.



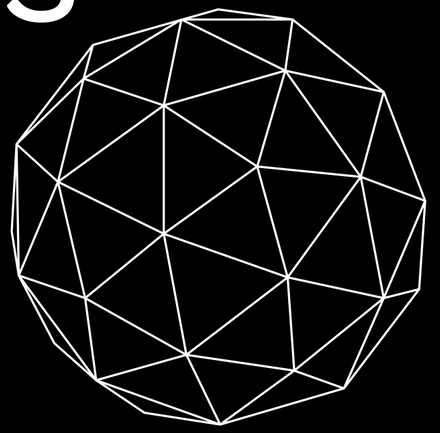
End Users

Students/Job Seekers → Showcase achievements, skills, and projects.

Teachers/Recruiters → Easily view student’s strengths and contributions.

General Audience → Learn more about the portfolio creator.

Tools and Techniques



HTML → Structure of the portfolio

CSS → Styling, layout, and colors

JavaScript → Smooth scrolling and active navigation

Fonts & Icons: Google Fonts, Unicode emojis

Techniques: Responsive design, hover effects, sticky navigation

PORTFOLIO DESIGN AND LAYOUT

Header Section → Name, subtitle, short intro

Navigation Bar → Quick links to all sections

Sections:

About Me

Hobbies (with emojis)

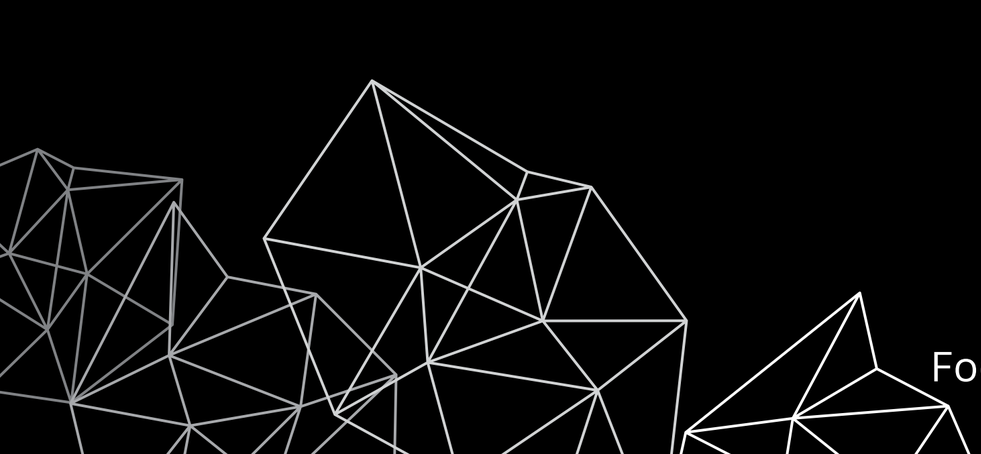
Skills

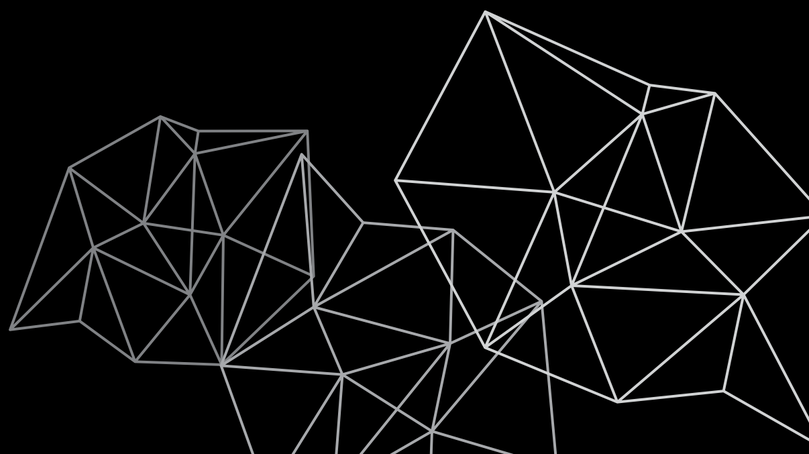
Achievements

Projects

Contact Information

Footer → Closing note with personal touch





FEATURES AND FUNCTIONALITY

Clean & Modern Design with pastel theme

Interactive Navigation → Smooth scrolling + Active link highlight

Readable Layout → Well-structured sections with visual separation

Responsive → Works on both desktop and mobile

Contact Section → Email, phone, LinkedIn links
